PRESIDENT'S MESSAGE

NOVEMBER ALREADY!!!
Where has the year gone. Again, this year we have a lot to be thankful for. We are still living in the Tropics. Bingo is here to stay. We have many activities that other parks only think of having. We are now seeing many outside park residents looking at the Tropics to see how they can improve their park.

The Annual Thanksgiving Dinner is coming up. This year the Board decided it would like to try it

Thanksgiving Weekend. We understand that a lot of our residents will be out of town. That should free up some meals for guests. Tickets were available at the Halloween Dinner. All tickets are free to residents. You must have your ticket before Sunday, November 19. The remaining tickets will be for guests at \$10. If you are interested in guest tickets tell Richard when you pick yours up and he will put your name on a list.

As chairman of Tropics Travelers, I'm lining up some fun day Trips. In December I have planned a trip to San Jose's *Christmas in the Park*. In January I'm working on a trip to the Asian Museum in San Francisco. Casino Trips are going to be every other month. Cache Creek is in No-

vember, have you sent in your reservation yet. Next year the trips start in February. In September hopefully, we can do an overnighter in Reno.

There are three ways to keep in touch with what's happening daily in the park:

- 1) It is by checking out Face Book - Tropics Residents' Club
- 2) Our web-site:
the-tropics.net
- 3) Checking in at the Club House. There are many more activities going on in the park beside those offered by the Residents' Club.

Happy Thanksgiving
Richard

MILLENNIUM MEMO

Last November I gave you a report on home sales for the 6 months ending Sept. 15, 2016, so I figured it might be time for an update. What's your guess? Are prices up or down? Well...I have some interesting data for you:

25 homes in The Tropics sold in the 12 months ending Sept. 15, 2017. The average sales price: \$164,014, an increase of 4.5% over last year. That sounds like only a modest increase, but...

- ...That average is misleading. One home sold for \$20K, but that was the only one under \$100K. 7 homes went for more than \$250K, which is the minimum you'd expect to pay for a new home in the Park.
- While prices are up, sales volume is down. My prior study included 20 sales over the 6 months for which I had data. Compare that with 25 homes selling over an entire year—only 9 of which sold in the past 6 months.

If we extrapolate the average sales price among The Tropics' 544 homes, your homes are collectively worth \$89,223,616. You're welcome!

In summary...the buyers of these homes are not just buying a 40 year old home--they're paying big money for the privilege of being your neighbors and enjoying the many protections of non-profit ownership. Or maybe it's just because Bingo is back.

Now, on a less-pleasant note...

Termites and Mice and Ants, Oh My!

Those are just some of the less desirable residents of The Tropics. In fact, let's add skunks & raccoons to the list of things to be expected when you're next to a creek.

There isn't much Management can do about this, it's just a fact of Tropics life. We're open to any ideas you may have, but in general, you are responsible for your own pest control—and for keeping your homes and skirting free of openings for these critters to enter.

My Big News

I'm a Grandfather! My stepdaughter just had a beautiful (is there any other kind?) baby girl.

Sure, this is old hat to many of you but it's the first grandchild for either my wife Roann or me. My older daughter promises that I'll have another one by this time next year. Stay tuned.

In the meantime, have a Happy Thanksgiving—and don't forget: Leftovers are for Quitters!

George Turk

Manager's Corner for November 2017

Our prayers go out to all our northern neighbors having to evacuate their homes because of all the wild fires. When I see the total devastation of complete neighborhoods and the loss of the homes, personal items and beautiful surroundings it is hard to believe. Fires, hurricanes, earthquakes and tornadoes – may we be at peace soon.

The first year of the 3-year tree maintenance contract is almost completed. If a tree near you has not been trimmed it most likely is on the schedule for next year. Residents are still responsible for the trees and bushes that are on your home site and should prepare for the winter rains by clearing leaves from the roof gutters and drains.

I am looking forward to Thanksgiving and we all have lots to be thankful for this year. Thank you for helping to make the Tropics a great place to call home.

Happy Thanksgiving to all.

GETTING TO KNOW YOUR NEIGHBOR: LINDA BUSTINDUY

BY Tina Maria

Linda was born in 1950 and she has an older brother. In 1953 her Mom and Dad bought a new home in East Palo Alto. Linda had a great time living in East Palo Alto when she was a child. She went to Costano School (Kindergarten to 6th), Green Oaks (7th—8th) and Ravenswood (9th to 12th).

Linda married in 1969, had a daughter, Monica in 1970, later divorced in 1974. She remarried in 1984 to Albert from Honolulu. Albert and Linda were married for 24 years. They saved their money for a down payment on a home in the Tropics Mobile Home Park. Albert said, the street names and palm trees reminded him of home and this is where he wanted to retire. Linda's mom moved in with them, it was getting rough in Palo Alto for her to stay alone after Dad died in 1995 from lung cancer (smoking).

Linda's husband, Albert, died in January of 2008 of lung cancer (smoking). They had joined Harley Owners Group in 2007, but never went to meetings because Albert was real sick. After Albert died the Oakland Harley Owners Group invited her to a Christmas Dinner in 2009. She met Dan Bustinduy at the Christmas Party and they talked for several hours. They found that they had common interests and liked each other and Linda says, she loved his cowboy hat too. Dan smoked and Linda told him that she couldn't date a man that smoked since she lost two people to that. He quit and hasn't smoked since. They were married a year later on the same month and day they met (12/11/10).

Linda is still working for the same company in Mountain View for 35 years. She plans to retire in 2 years.

In the her spare time when she is not working or riding on the back of their Harley Trike. Linda likes to crochet hats for the homeless and work on her stained glass projects.

They enjoy getting out of town on their Harley and have traveled to Nevada, Oregon and all over California.

She loves her visits every other weekend from her daughter and granddaughter, Caitlin. Linda's mom is in an Alzheimer's Home in Santa Clara. She visits her every week and so does her brother. She is 94 years old. Linda says, She doesn't know if Mom knows them anymore, but we know her so we visit. Her brother also comes sometimes to her work and they will go to lunch.

WHAT'S HAPPENING AROUND THE PARK

By Michael Q'Quin

He Who Has Eyes To See, Let Him See....And, indeed, there is much to see without ever leaving our little Park. Above all, there is the human panorama, often comic, certainly; also tragic, it seems too often these days. But don't we live in the San Francisco Bay Area, USA—the Best Place on Earth!? As our weather is generally sunny and bright, I hope we can all keep our personalities 'sunny-side-up', as a gift to each other!

But this is not about US, but a reminder to take time to USE OUR EYES and really see what is around us, sharing our world. My grandmother truly loved nature's beauty. She said her days were never too busy to take note of the sky!

I was not sky-gazing the other morning at ten after seven, but letting in the cat for breakfast. His eyes are faster than mine, and I saw him flick a glance toward the levee behind our house. Atop same is the Alameda Creek Trail, a fine, wide pathway extending from the Bay to the Hills, at Niles. Ten years we have lived here, but I was unprepared for this sight: I thought I was watching two large dogs approaching, but what appeared before my aged eyes was a loving couple, a DEER couple, ambling in their sweet time in the direction of the hills. The doe led the way, while the young buck, whose horns appeared to have just two points, seemed in no hurry at all, nosing the ground and checking out the view. No camera! The deer proceeded on their way before I could get to it. I just hope these two made it safely to the hills, and are living happily ever after!

The Board minutes were read for August 3 and approved. The Treasurer's, Bingo and Traveler's financials were given and approved.

Darlene Cornell and Rick Henry gave an audit review. They recommend that less checks be issued and only the ATM card be used. It will be completed on Monday, September 11.

As of right now we are waiting on a response. Richard also has considered signing waver to be signed to hold the park harmless.**

**Tropics Residents' Club
Special Board Meeting
September 18, 2017**

Special meeting was called to order by Richard Stoll at noon. The reason for the meeting was to call a special General meeting to discuss if the park residents want Bingo in the Park. It was moved by Richard Stoll and second by Anita for a special general meeting for Tuesday, September 26, at 7 PM. The motion carried.

Richard then read the invoice for the Bingo insurance policy. The cost is \$345 per YEAR.

He will now send it to management for their approval. Jayme moved that we send the information to Millennium for approval. Carolyn seconded the motion. Motion carried.

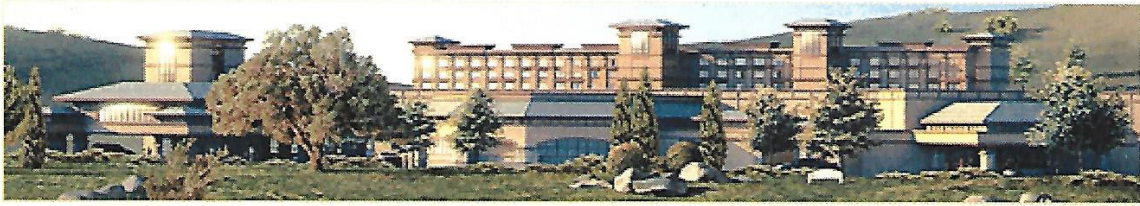

Rick received a bogus e-mail to get money. Was using Richard Stoll as the sender. Richard investigated it and found no information.

Richard brought up the Casino event this Saturday, He asked for muscular people to help set up tables at 10 am Friday. Everyone will ask. Dealers will be fed at 5:30. Carolyn and Rick brought up problems with the games and awarding chips. Jayme will talk to all the dealers about playing the games properly. Ruth moved and Gwen seconded the motion to talk to the dealers. Motion carried. Chips will not be sold after 8:15. It was suggested that Barbara will give out prizes instead of extra chips.

The assignments were discussed. It was decided that if someone wants to leave early they can get their dessert to go. If they also leave early, they turn their chips or tickets in early they can get a prize.

Jayne moved and Carolyn seconded motion to adjourn. Meeting was adjourn at 12:30 pm
