## October Message from our President

Where has the year gone?! Getting ready to write this October message and thinking we have our Halloween party at the end of the month. Jayme and Ruth are planning a fun evening for all. Then Thanksgiving and CHRISTMAS, OMG!

We have seen a lot of changes in the Tropics this fall. The Palm trees have been trimmed, or removed, new TV in the TV room (old one in the pool room) and the hall is looking cleaner with the addition of a janitorial service 2 days a week. Louise is still doing her fantastic job with the detail cleaning.

The Board has now put on 2 breakfasts and one dinner event. With the help of the entire board these went over with lots of fun. Speaking of the Board, we still need a Secretary!!!! If you would like to help and join the team talk to any Board member. Speaking of help, I need volunteers for the weekly Snack Bar. It's only a couple of hours each Wednesday and you get to meet a lot of residents.

By the time you read this message we will know the status of Bingo at the Tropics. The Board and Bingo committee are trying to work out all the glitches' so we can continue this event.

The Travelers had a full bus for Jackson. This month they are taking a day trip to Fisherman's Wharf for their Wharffest on Saturday, October 21. There is a flyer in this Breeze or talk to me. Should be a fun day.

Get ready for the Holidays and help us continue to be the Best Park in the area!!

Tropics Resident Club President Richard Stoll

## MILLENNIUM MEMO

We've been spending a lot of your money lately.

Last month I mentioned the drainage repair on Palm Dr. (\$96,350!), pathway lighting, Dog Waste Stations, Creek Fencing & Clubhouse Skylights. It's an impressive list, but I left out one other project: Tree Trimming and Removal. How much did all that cost, you wonder? Did you guess \$250K? You're right!

Yep—\$250K, half of which was spent just on the Trees. We can only afford to do that, of course, because for the 2<sup>nd</sup> year in a row, 100% of you returned your Annual Income Certifications. Isn't it more fun to have well-groomed Palm Trees, instead of spending that money on property taxes?

Kudos to all of you for taking a few moments of your time filling out the forms—and for making it possible to invest more of your rent dollars back into your already-beautiful Park.

### Another Kudo

This one goes to someone we rarely talk about: Karen Shrum, the Property Supervisor for The Tropics. I've been meaning to sing her praises for some time now but she earned this particular Kudo for getting the Alameda County Flood Control folks to FINALLY take responsibility for the condition of the Creek.

For years, all sorts of people have tried to get the County to deal with the Creek—resident leaders, City Staff, managers...but Karen didn't try—she succeeded. As I'm typing this, the County is clearing the Creek, trimming the trees and reducing the potential flooding threat.

Thanks again, Karen, for delivering such a big win for The Tropics!

A Word About Bingo...

The Tropics Clubhouse is intended for the use and enjoyment of Tropics residents, not for the community at large. There are rare exceptions—we're a polling place every couple of years, for example—but inviting the general public to Bingo is not one of them.

You can imagine the blistering phone call we got recently when the Insurance Company learned to its horror that the vast majority of Bingo-players are non-residents, something that is not allowed under The Tropics' insurance policy.

While Bingo might be a fun way to raise money for charity, apparently it isn't an amenity that many residents are supporting. Accordingly, we had no choice but to restrict Bingo to residents only—or to stop Bingo altogether.

If the Residents Club wants to get its own policy, we might be able to revisit this. Absent that, however, we can't expose The Tropics to that sort of liability. One more thing to blame on those darn lawyers!

Sorry about Bingo, Kudos to Karen—and to all of you, enjoy the freshly-trimmed Palms...and have a great October!

THE SECOND AND FOURTH FRIDAY  
OF EVERY MONTH @ 10:30AM  
IN FRONT OF THE CLUBHOUSE

Manager's Corner  
October 2017

It is nice to be living in the Bay Area even though we have had lots of extremely hot weather and high humidity, it is still better than the tornados and hurricanes our southern neighbors are experiencing. I was never fortunate enough to take a cruise but the Bahamas are no longer on my bucket list.

AT&T had the fiber-optics project contracted out and they managed to break a 6 inch water main on September 11 leaving at least half our park without water for some time. It is impossible to call everyone when accidents like that happen. We appreciate your patience during the outage and always try to alert you if the outage is planned. Sorry for the inconvenience.

The pool will continue to be heated through the winter until December 31, 2017. Welcome news to those that use it for lap swimming and exercise. It would be wise not to be in the pool when it is raining in case of lightning strikes. One never knows what would happen and with no prior notice – could be tragic.

Time to fire up the broom and check for ghosts and goblins. As always, thank you for all you do to keep our community a fun and safe place to live.

Happy Halloween

Nancy Payne  
Resident Manager

# **WHAT'S HAPPENING AROUND THE PARK: RAY SCOTT**

**BY: Carol Orwig**

**Ray was born in Yakima, Washington in 1936 and raised in the Pacific Northwest. His early years were spent in Grandview, Washington and Pendleton, Oregon. Things were very different back then.**

**When he was 4 and 5 years old his brother Warren and he were all over Pendleton, swimming naked in the Umatilla River and catching pigeons from railroad bridges, gas storage tanks and the insane asylum. Once they even tried to make a pet of a grasshopper by tying the end of a long string around its leg and the other end tied to the leg of the sofa. When their mother sat down on the sofa to read, the grasshopper started jumping back and forth across her vision, causing her to scream and run into the kitchen.**

**After Ray's parents divorced, he and his brother, Warren, moved around a lot, staying with various relatives in the state. Ray has two half brothers and two half sisters, at least that he knows about. He completed high school in 1955 while living in Grandview, a small town of about 2400 people, so the local cop knew all the kids. When he and Warren got into trouble, such as stealing watermelons or tipping over outhouses, the police would just tell them to go home and stay out of trouble.**

**After high school, he got the opportunity to move to San Francisco and start training as a fire protection engineer (fire sprinkler system designer) with the Grinnell Company. This became his career for life. In 1965 he transferred to the Los Angeles area where he married in 1970 and had a daughter, Julie and a son Jonathan. In 1985 he came back to the Bay Area, living in Hayward and then the Tropics Mobile Home Park in 2003, which is also the year he retired.**

**He now spends his time hanging out at the coffee club where he has made many friends, plus assisting with the Spectrum lunches and going to exercise on Mondays and Fridays. He even served on the Board for a while. Ray had to give up driving in 2015 and now can be seen zipping around the park in a very cool black and silver electric cart, his man-toy! Go Niners!!**

## TROPICS CERAMIC CLUB

The Ceramic Club is a group of men and women who gather together to socialize and have fun by pouring, firing and painting ceramic pieces for ourselves, family, friends, and fundraisers. We are also an inexpensive club to belong to with, \$1.00 a month membership dues, a one-time joining fee of \$5.00, plus a room key deposit of \$1.50 refundable on key return when you resign your membership.

Membership is available to all residents of the park. You may join as an individual, or a team with a neighbor, roommate or family member living with you.

We provide the molds, and fire your pieces for you. However, you do have to provide your own supplies such as brushes, tools, paint, glazes and the clay which we mix and will sell to you for \$4.00 per gallon. A gallon goes a long way. We also have some glazes and paints in-house for sale. There are also tools and brushes you may borrow until you can acquire your own.

Our club is about 40 yrs. old and we have some very knowledgeable people willing to get you started. We are not experts, but we can teach you what we have learned through the years.

We have some beautiful, as well as funny molds, also molds for every occasion, such as, Valentine's Day, Easter, Halloween, Christmas, Birthdays, Anniversaries, Wedding and Baby Shower Gifts, just to name a few, with lots of Animal and Garden Cuties included in the mix. If you use your imagination, the things you can make are endless. If you have a creative side, and like the element of surprise, or like to paint, then we are the club for you.

We offer tours of what we do step-by-step. You are welcome to stop in, meet us, take a tour, and see some of our finished and unfinished projects. We have a teacher present to show you around and answer any questions you may have every Tuesday and Thursday from 4:00pm to 6:00pm. There is also someone working on their projects in the Ceramic Room at different times of the day throughout the week. So, come on in, we are looking forward to meeting you.
