MILLENNIUM MEMO

“Cheers to a New Year and another chance to get it right.” Oprah Winfrey.

The Tropics got a lot right in 2015. Just a few highlights:

- **My favorite highlight: spending more than \$1 Million on Park Improvements, which included projects big (the \$855K new streets, new Clubhouse doors & other Clubhouse upgrades) and small (adding a few Park benches).**
- **After years of trying, we finally got cooperation on clearing the Creek. We’ve started work on our side, the New Haven School District (I think it’s them) says they’ll tackle their side. Maybe it was the threat of El Nino flooding that convinced them.**
- **Home values have increased to the point that several new homes were brought into the Park. Apparently many potential homebuyers recognize the fine housing value and lifestyle offered by your fair Community.**
- **2015 was Jim Woock’s first year as Maintenance Director. The Park’s crew members continue to do a great job, don’t they?**
- **SPARC, our resident services entity, sponsored a few new events this year, such as the spring Fling clothing exchange and Scam Seminar. The Park is also subsidizing the Exercise Class.**
- **We changed to a billing service that can accept online rent payments. A few residents used to complain that their rent payment was the only check they wrote each month. We hope you find this a convenient service.**
- **As usual, many of you stepped up to serve your Park. The sheer number of parties, dinners (Turkey Dinner for 230 residents!), breakfasts, events, clubs, committees and neighbors-helping-neighbors would be the envy of almost any other Park. Thanks so much for your great Tropics Spirit!**

On a Sadder Note...

The year also saw Rosie Friedland leave SPARC in order to spend time with her parents, who were both in poor health (her mother has since left us). However, we are pleased to introduce Stacey Price as Rosie Friedland’s successor at SPARC. Stacey will do a great job for you. If needed, Nicki Ross, Rosie’s old boss, is available to help Stacey with the transition.

Stacey has experience in teaching, headed the Habitat for Humanity chapter at UC Riverside and has already had success bringing resources to a couple of our Parks. We’re very excited to welcome Stacey into the SPARC/Millennium Family.

Yep—2015 was a pretty good year. With your help, 2016 will be even better. On that hopeful note...Have a Happy New Year!

George Turk

**A message from the President of
the Tropics Residents Club Larry Cornell**

As you probably have heard; we are actively talking to management about having a 24 hr security service for the park. Listen out for upcoming times and dates we are going to meet to discuss the security of the park and if we really need it 24hrs or something else, we will try and find out what you, the resident, really want before we bring anything to the Residents Club Meeting for a majority

vote. If you would like to voice your opinion please drop a note in the residents' mail box in the hallway at the meeting hall.

We will notify you of any planned meetings about this issue—You are welcome to attend.

Please attend all meetings—they are important to everyone and you can have input about the issues that come up.

Happy New Years to everyone, let's make this next year a wonderful one.

Thank You...Larry Cornell

Getting to know your neighbor: STEVE EVANS

By Tina Maria

Steve was born in San Diego, CA; but has lived most of his life in Northern California. He moved into the Tropics Park with his parents on Molokai Circle in March of 1994. Many of us remember his parents, One of the fun things Don would do is be a dealer dressed as a card, during our Casino Nights at the clubhouse. Now Steve volunteers at our Casino Nights, he is the roulette wheel spinner. Steve took care of his mom, Linda after his dad passed in 2011. You would see Steve and Linda playing Bingo on Wednesday nights or volunteering for Spectrum lunches. She passed in 2014.

Steve still volunteers for Spectrum Lunches on Tuesday and Thursdays, plays Bingo on Wednesday nights. You can also find him volunteering in Fremont at the Tri City Food Bank on Mondays. He has been a Tropics Board member for the past year. Steve is at the different events in the clubhouse volunteering his services at whatever needs to be done. He is also a member of Spring Chickens morning exercise group.

When you see Steve around the park, stop and say “Hello!”

Welcome 2016. The days sure seem to go by faster each year and now the years are. Hope you all had a nice holiday season and Santa was good to you. Your homes were beautifully decorated and the Christmas Spirit was very much spread throughout the Park. We need to have that positive attitude all year. It really does make you feel good.

Christmas trees (no flocked trees) can be put in the dumpster after removing all ornaments, tinsel and tree stands. I ended up getting a real tree this year. Midnight and Sadie Sue played hide and seek in the new artificial one before I got the ornaments on it and I had to put them on time out again. Just like having little ones again - but it is fun.

We received a new conference table in December and hopefully by this time the chairs arrived. The pool area re-landscaping is scheduled for this month along with the lighting upgrade in clubhouse and north side walkways.

If you are still unable to log on to the new website to pay your space rent - give us a call with your e-mail address and we can have a new invitation sent to you. If you are locked out - wait 20 minutes - and it will clear for you to try again. We know it has been frustrating for some of you.

The inspection of park home sites was completed in December and most of the home sites passed inspection. Only a few residents will be getting a notice of things to complete. Thanks to one and all for sprucing up - looks great.

A big thank you from the office and maintenance staff for all the baked goodies, candy and good wishes. Of course, now it is off to the gym.

Looking forward to a Prosperous and Happy New Year for all.

Nancy Payne, Resident Manager

CERAMIC CLUB NEWS

Our club meetings are always held on the *first Tuesday of every month at 2:00* pm in the club house conference room. Anyone can attend and sit in on our meetings and also meet some active members of the club before or after the meeting. If you are thinking about joining or want to ask some questions or just get a tour of the ceramic room, this is an opportune time.

The ceramics club is generally open everyday from Noon to 2:00pm with a member or several members working on their projects. Anyone who is interested in our club is welcome to stop by and take a look at some of the ceramics that are finished & some are pieces we are still working on.

The club is offering a **free trial membership** for 1 month, starting in January 2016.

Anyone who might be interested please contact our President Melody Peterson at 266-2607 and she will set you up with supplies & instructions for making your first ceramic piece. Our club will provide all supplies needed for this free trial offer.

You can call the following senior member for a view of the ceramic shop and or just to ask questions. Feel free to call Melody Peterson at 266-2607 or if she is not available, we will ask another training member to help you.....Submitted by Sandy Parson

Spring Chickens—EXERCISE CLASS

Come and join our exercise group every Tuesday & Thursday at 8:30 am in the Tropics Clubhouse. We exercise for 30 minutes, take a walk and then play a game. You can participate in one or all parts of the class.

We have all fitness levels in our group. If you would like to improve your flexibility, balance and overall fitness, then this is the place for you! All our exercises can be done standing or sitting in a chair. On the walk you can return to the clubhouse at anytime. There is something for everyone, come one day or both.

EMERGENCY COMMUNICATION INFORMATION

Safety in our Park.

Amateur Radio operators set up and operate organized communication networks locally for governmental and emergency officials, as well as non-commercial communication for private citizens affected by the disaster. Amateur Radio operators are most likely to be active after disasters that damage regular lines of communications due to power outages and destruction of telephone, cellular and other dependent systems. Many radio amateurs are active as communications volunteers with local public safety organizations. In addition, in some disasters, radio frequencies are not coordinated among relief officials and Amateur Radio operators step in to coordinate communication when radio towers and other elements in the communications infrastructure are damaged.

Amateur Radio operators have informal and formal groups to coordinate communication during emergencies. Amateur Radio operators may participate in local emergency organizations, or organize world wide "traffic nets" using VHF (very high frequencies) and UHF (ultra high frequencies). At the state level, Amateur Radio operators are often involved with state emergency management operations. In addition, Amateur Radio operators communicate at the national level through the Radio Amateur Civil Emergency Service (RACES), which is coordinated through the Federal Emergency Management Agency, and through the Amateur Radio Emergency Service (ARES), which is coordinated through the American Radio Relay League and its field volunteers. Many Amateur Radio operators are also involved in Skywarn, operating under the National Weather Service and provide emergency weather information to the NWS for analysis and dissemination to the public. BravoBen KI6VLC and Tina Maria KK6KSY are involved in California Rescue Communications, RACES, ARES and the Western Public Service System to name a few of the 27 traffic nets we are involved in daily. Be prepared and support your amateur radio operators who are constantly monitoring for your safety.

Bravo Ben

TIPS FROM T.O.P.S.

BY Tina Maria - Leader

“WHEW”! We have survived the holidays that are noted for tempting our will power. Now comes making the New Year’s Resolutions of eating healthier, maintaining or losing weight. If you consider it takes 3,500 calories to drop one pound. Slashing 500 calories per day is a healthy way to lose a pound a week!

Our weekly meetings provide a supportive, educational environment. While staying accountable to the goals you’ve set for yourself. Where people are encouraged and not judged.

Start the New Year’s off with a fresh start and come join us for a visit.

**TAKE OFF POUNDS
SENSIBLY**

We meet every Sunday 6pm at the B Hive Activity Center located on 102 Palm Drive right here in the Tropics Park. Call Tina Maria if you have any questions at 510 489 5749.

Hope to see you there!

Tropics Ladies Club (T.L.C.)

By Tina Maria

The Ladies Club (T.L.C.) is open to every female resident of the Tropics. We look forward to seeing the ladies come out and express their views, concerns and talents. We meet the first and third Monday of the month at 11:30am in the conference room at the clubhouse.
