## February Message

Welcome February and Love is in the air! After all Valentine's Day is only a few days away. Make sure you enjoy the red topped crêpe for breakfast. Bring your dance valentine to Big Band Dinner and dancing. Enjoy the month of LOVE. The Board wishes everyone a lot of love and thank you for the first six months of support of our activities.

We have many things to finish in the last 6 months we are in office. We just voted to support the drainage problem at 37 Palm. There are finally bids coming in to replace or stop the leak in the dining room. Speaking about maintenance, we all welcome Miguel as Maintenance Manager.

We need to address take-out orders at breakfast and events. Breakfast and event dinners are for getting people together and interact with their fellow residents. Take-out orders will be allowed after everyone in the hall is served. If you are taking food to someone else, they must have a ticket. Do not surrender the ticket when you come up, but hold onto it until you are ready to leave. Then surrender the ticket and get a to-go container. Thank you for your cooperation.

If you buy or receive a free ticket and find out you will not be able to attend, please turn the ticket in ASAP. Food is ordered per the number of tickets given out. Please get your tickets early. I am your best bet to get a ticket and at all events. The Christmas dinner we had 8 tickets not returned. At \$16 per ticket that is \$128 we could have used for other things.

One more thing before I stop. If you do not want your picture taken for the breeze or the picture wall, tell the photographer or sign the sheet when you check in. Hopefully you all have a month of LOVE with your valentine.

**MEETINGS ARE IN THE CLUBHOUSE @ 1:30PM**

## MILLENNIUM MEMO

In case you missed the puffs of white smoke rising from the Clubhouse Chimney, we are happy to announce the appointment of Miguel Carrillo to succeed Jim Woock as your Maintenance Manager.

We think you'll be very happy with Miguel. He has been the Maintenance Supervisor at other manufactured home communities—most recently Spanish Ranch in Hayward—has years of experience and comes with strong references. Miguel's background is in construction but he's handled everything from gas certification, pool maintenance & street paving to transformer work—the electrical ones, not the video game.

Miguel is bi-lingual (Spanish/English) and has a “calm and happy demeanor,” something pretty valuable at The Tropics. After all, you know how some of you can be at times.

Give Miguel a warm welcome as he settles in to his new position—and thanks to the entire Tropics Staff & Residents Club Board for keeping things running smoothly in Jim's absence.

### Your Reward for Conserving Water...

...is a 25% increase in water rates, according to a notice from the Alameda County Water District. The District will take action on this at its Feb. 9 Meeting. The new charges go into effect March 1, with an additional 5% increase in 2018.

We don't like this either but I'm just the messenger. You can comment on this at [www.acwd.org/rateproposal](http://www.acwd.org/rateproposal) by Feb. 9. They claim they'd love to hear from you.

Per the Notice, water charges for the average residential customer will increase by \$11.94/month, or \$23.87 per bi-monthly bill. The reason for the increase: “to address the significant revenue loss as a result of the drought.” Translation: your conservation efforts cost the District money. They hate it when that happens.

We've gotten lots of rain this year, so surely rates will go back down when the drought is over, won't they? Yeah—I'm holding my breath too.

## On a Happier Note...

Stacee Price—she's with SPARC, our resident services partner—announced that the December re-launch of the Food Bank was such a success that the Tri-City Volunteers have agreed to keep the Food Program going, probably on a twice/month schedule.

Kudos to the Tri-City folks for giving us another chance—and to Beatriz Corley (271 Oahu) & Lua Poe (232 Jamaica) for volunteering. We need all the help we can get for this.

That's not all. SPARC has at least 3 more events upcoming:

- Feb. 18: Multi-Topic Health Workshop with breakout sessions, 10AM-11:30AM.
- April 29: Spring Fling clothing exchange. That was a big success last year.

Sometime in June or July: a Health Open House, in partnership with Tri-City.

Welcome Miguel, let the Water folks know what you think of them, thanks to Stacee for all SPARC does at The Tropics...and have a Happy Valentine's Day!

*George Turk*

## Manager's Corner for February 2017

How's the New Year's Resolutions going?

Mine were easy to keep – didn't make any. Easier that way.

We are pleased to inform you we have a new Maintenance Manager, Miguel Carrillo. Please stop by and say hello. He has some great ideas for our community and we are looking forward to working with him.

A resident on Palm Drive saw a coyote last week by the creek. Be aware of the wild life close by and do not leave cat or dog food outside that would attract them. Remember, dogs must be on a leash and cats indoors only is the Park Rule.

Reminders:

- Please advise the office if your phone number has changed. We have had occasion to call residents and numbers are not in service.
- The parking rules have not changed and you must have a permit to park in visitor parking from 2am – 6am.
- When writing checks for rent please do not write over the routing numbers as they will not scan and possibly cause your rent to be late.

That's all folks,  
Nancy Payne  
Resident Manager

## Getting to know your Neighbor—Alva McLain

By Tina Maria

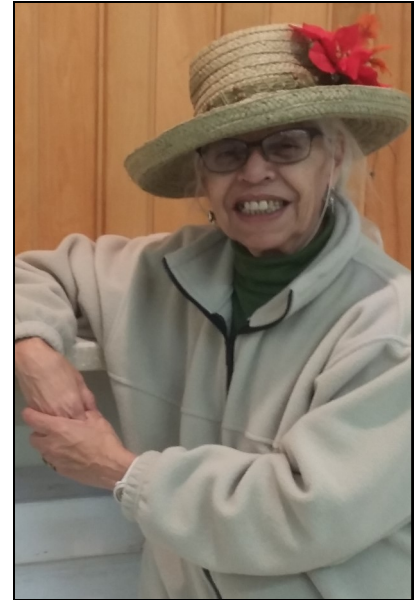

**Alva was born in Roseville, California. She was the youngest in her family of a brother and 2 sisters. She graduated from Lowell High School. Alva has always lived in Northern California. She says, she has lived in Roseville, Auburn, San Francisco, Berkley, San Mateo and now Union City.**

**Alva met her husband, Charles, while learning to drive, He was her driving instructor! She must of passed driving school, They were married in 1964. They enjoyed traveling together. Alva tells of just deciding to get in the car and go down the road for the weekend, sightseeing throughout California.**

**Alva retired from working 41 years at the Federal Reserve of San Francisco. Her hobbies include reading, gardening, crafts.**

**After Charles passed away, Alva and her niece were driving in the area and decided to stop and look at the mobile home she lives in now. Once Alva seen the backyard, she fell in love with it. That was 12 years ago. You can usually find Alva working her green thumb in the backyard. I have seen her backyard and it is so welcoming with her plantings and feeders. Living along the creek, you get little critters visiting you also, she says. Deer, rabbits, turkeys, pheasants, possums, playful squirrels, and of course skunks, just to name some visitors she has had over the years.**

**Working in the garden and being with her animals are her favorite things to do. However, Alva also enjoys the different activities going on in the clubhouse. You will find her at the Craft class, Spectrum luncheons, Exercise Class and the other Residents' Club Events. She is the smiling lady wearing the decorative hat.**

## **Advisory: Weather Alert—Being Prepared!**

**After nearly eight years of drought we are approaching a normal water table here in the Bay Area. Last month there was heavy rain fall overflowing levies resulting in flooding. Your safety is dependent upon good responsible planning. Listed below is a check off list which will prepare you for extreme weather conditions around your home:**

- **Make sure your cell phone is charged**
- **Freeze plastic containers filled with water to make blocks of ice that can be placed in your refrigerator and freezer during an outage to prevent food from spoiling**
- **Pick up loose leaves before the storm to reduce risk of street flooding; monitor grates to keep water flowing**
- **Prepare a simple emergency kit: a flashlight, battery-operated clock, extra batteries, manual can opener, supply of bottled water**
- **During an outage, use battery-operated flashlights, and not candles, due to the risk of fire. If you must use candles, keep them away from drapes, lampshades and small children. Do not leave candles unattended**
- **Have a battery-operated radio or television to get news reports with estimated times that electricity will be restored in case of power outage.**
- **Assume any downed line is “energized” and stay away. Do not remove fallen tree limbs or other debris from lines**
- **Refrain from removing manhole covers to relieve flooding on streets and intersections**
- **Have a list of all contact information for local emergencies such as contacting PG&E for power outages.**

**If you need sandbags to prepare for flooding around your home, Public Works has sandbags available for Union City residents and businesses. They’re at the visitor parking area outside of the Public Works Maintenance Facility; located at 34650 7<sup>th</sup> Street, Union City.**

**Prepare for the storms be proactive and not a victim. We are all responsible for ourselves!**

**Have a safe 2017 your Emergency Communications staff is always looking out for you.

2016 TAXES**

The software for preparing federal and state income taxes has been changed for the 2016 tax returns. There may be a few glitches in the new software; thus, **IRS may not process returns as fast as before** (i.e., refund may not be in your account within two - three weeks). IRS will spot check returns in an attempt to catch software errors early.

In addition, we are unsure if your tax information will 'automatically' roll over to the new software system.

**Please bring your 2015 tax returns to your appointment**

Our club meetings are always held on the first Tuesday of every month at 2:00 pm in the club house conference room. Anyone can attend and sit in on our meetings and also meet some active members of the club before or after the meeting. If you are thinking about joining or want to ask some questions or just get a tour of the ceramic room, this is an opportunity time. There are no meetings in July or August for summer break & no meetings in December as we have a Christmas Party. The ceramics club is generally open everyday from Noon to 2:00 pm with a member or several members working on their projects. Anyone who is interested in our club is welcome to stop by and take a look at some of the ceramics that are finished & some are pieces we are still working on.

You can call the following senior member for a view of the ceramic shop and or just to ask questions. Feel free to call Melody Peterson at 266-2607 or if she is not available, we will ask another training member too help you.
