PRESIDENT PAGE

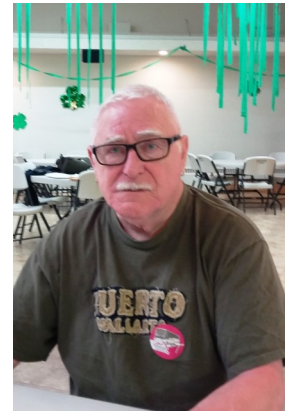

We all hope you all had a great “Love” month. Now we are ready for a very lucky month. I may not have much Irish in me, but we are all very lucky having the present Board. We have had a lot of fun putting on the events and still have 5 more coming up.

What did you think about playing Bingo for Breakfast?

Be ready for a lot of corned beef this month. March’s Breakfast will be a Corned Beef Hash Eggs Benedict on the 11th. The Bingo Snack Bar will be serving a Corned Beef and Cabbage soup on the 15th. St Patrick’s Day will be celebrated on Saturday, March 25. A Corned Beef and Cabbage dinner with Soda Bread will be served. Get your tickets early. Only 250 tickets will be available. Speaking about all that Corned Beef, we need to thank Mary Wilson for the large roaster to cook all that meat.

We will be sending in our final wish list item by March 9th. As President I will be searching for 3 to 5 great people to be on the nomination committee for your elections for the 2017-2018 Board. The one “good” thing is you cannot run for an office. LOL. We will also be voting on a change in by-laws. These are a couple reasons for attending our Resident’s Meetings.

We would like to welcome Traci Kinel to chair the facilities committee. Thanks to Loris Cook for her time as chairperson. We still need people to chair Traffic/Safety and Disaster Preparedness Committees. Let the board know if you are interested....Richard Stoll

MILLENNIUM MEMO

It wasn't our fault. Honest!

As I never tire of repeating, if you want to make changes to the outside of your home, plant a tree, or dig a fence post, you are required to get your brainstorm approved by Management.

This rule isn't always followed. Sometimes that means a home has to be repainted to an approved color, a deck might have to be removed...or if we're particularly unlucky, a resident punctures a gas line while digging a hole and half the park has to endure a frigid night with no heat and a cold shower in the morning.

We're very sorry about the inconvenience many of you suffered. It might have been even worse, but for the heroic efforts of the caring and dedicated Staff you have working for you.

We bought space heaters for anyone who needed one; offered coffee, pastries & fruit; kept the Clubhouse open for folks to stay warm by the fireplace...then, once the rupture was fixed and PG & E turned the gas back on, everyone pitched in to re-light pilots--even Karen Shrum, your Property Supervisor, who brought employees from another Park to help out.

I can't imagine what this will end up costing. It's pretty frustrating knowing the outage could have been avoided if that resident had checked with the Office to find out where the gas line was. I hope that resident has enough insurance to cover the very large bill that's coming!

Were You Prepared For Something Like This?

Inconvenient as that was, gas was "only" out for a day or so—and only for half the Park. What if this had been a true disaster? What if all utilities throughout the entire Park were out and the emergency lasted for several days? That's going to happen someday, isn't it?

Just thought I'd throw that out there. I'm sure the Disaster Preparedness Committee could use your help.

CONTINUED ON THE FOLLOWING PAGE

On a Thankful Note...

Thanks so much for your kind words regarding the Main Hall Soundproofing Project. I'm told the meals are quieter, we're able to have music and singing again...it even looks better now. I can't wait to see this for myself.

- We also appreciate how you've embraced Miguel as your new Maintenance Manager. Miguel certainly proved during the gas outage that we're very lucky to have him.

More thanks: to Anthony & Reina Lacey (448 Samoa Cir.) for presenting the Karate Demonstrations at the Chinese New Year Dinner. Very impressive!

Thanks for your patience during the outage—if you were patient—and have fun at the March 25 St. Patrick's Day Dinner!

George Turk

Everyone's Irish
On March 17th.

MANAGER'S CORNER

PLEASE: It is very important to get Lot Improvement plans approved by the office before doing ANY exterior work at home sites. This will avoid people digging without our review and a proper Dig call out from 811. We need to avoid any interruptions of service to your neighbors and possible health and safety issues. The disruption of gas service to our neighbors on the north side was a big inconvenience to both our residents and staff. I would like to thank those residents for being patient until it was corrected. Not a pleasant situation in 40-degree weather.

Just a reminder that with all the rain, weeds are growing like crazy and if we are not proactive, they will get out of control. The landscaping at all homes should be maintained on a regular basis and if you are unable to do so, please ask your family and/or friends for help.

The Spa re-finish has been completed and the sound proofing work is also fully completed now. The Food Bank has been reinstated here at the Tropics and held the first and third Friday of each month at 10:30 a.m.

Daylight savings begins on March 12th, and the leprechauns will be with us on the 17th. Watch for them on the pathways bringing good luck to all.

UNION CITY POLICE DEPARTMENT

By Barry Lependorf

You would think it would be illegal, but there are apps you can get for your phone to make your telephone number appear as another number on caller ID. Using these apps is called spoofing and is only illegal "if used with intent to defraud, cause harm, or wrongly obtain anything of value." Today a woman came to the police station and reported that she received a call from a number that showed up on her caller ID as "UCPD" with the police department's non-emergency number. The caller told the woman she needed to clear up a \$1000 warrant over some debt she never paid. The woman provided a debit card number to the caller and was told her debit card was not working. She was then instructed to purchase \$1000 in iTunes gift cards and was provided an 800 number to give the iTunes gift card numbers to an operator, which the woman did. After realizing she had been duped, the woman contacted Apple and is trying to get refunded. The 800 number was also a fake number and now is not operational. Most often there are no investigative leads in these type of crimes so the likelihood of getting money back is unfortunately slim to none.

Please remember that no government agency is going to try and collect money from you over the phone. Never provide credit or debit card information over the phone or via email to someone claiming to be the IRS, the police, the city, or the courts. Also, absolutely no government agency will accept iTunes gift cards as a form of payment.

Remember that not all these scammers use spoofed numbers. I always advise people to not answer the phone if they don't recognize a caller ID number. If it's important (and legit), the caller will usually leave a voice message.

Stay alert. Stay safe.

GETTING TO KNOW YOUR NEIGHBOR—LORRI CAMERON

By Tina Maria

Lorri is a second generation Tropics resident. Her Mother, Maragret and Father, Arch moved into the park in the 1980's.

Lorri was born in New York, when she was 8 years old Lorri moved to North Carolina with her brother and parents. Her father ran The Eliada (Which means "Whom God Cares") Home for Children. The home consisted of 100 children at any one time. Having a degree in Certified Child Development her mother, Maragret, worked alongside Arch. Maragret was head of Medical and supervised the staff.

While in North Carolina Lorri enjoyed backpacking, hiking through the hills and white water canoeing. She was a Canoeing instructor. We laugh when Lorri tells the story of being in the canoe and her students in kayaks following her. Lorri says she was told that from the shore she looked like the mother duck and her little ducklings following right behind her.

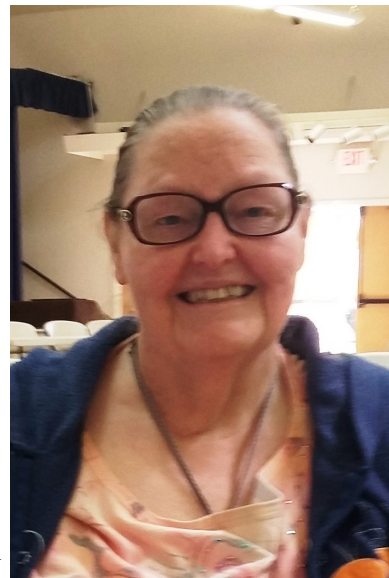

Lorri met every challenge which brought her to King's College in New York and then Western Carolina University. She has a Masters in Physical Education and Health. While in college, knowing no limitations she proudly became our National Rifle Champion. Her compassion for disadvantaged children took her in another direction she moved to Canada and did mission work as an Associate Director of Women and Children Counseling Program.

Arch and Maragret moved to Northern California after his retirement. Once in Northern California he found himself working at the Redwood Christen School. Lorri's parents loved the Lord and kids. They dedicated their lives aiding the kids in their community and spreading the love of the Lord.

Lorri soon followed her parents to Northern California. She moved to Pleasanton, working at Sun Micro System as a Business Analyst until retiring in 2006. Arch and Maragret were already living here in the Tropics when Lorri came to live with them to help her mom with Arch who was ailing in 1995. He passed on in 1999. Lorri continued to live with her mother caring for her until she left us two years ago.

This incomparable community service quest was passed on from Arch and Margaret's to their daughter Lorri, here in the Tropics. Lorri has been Facilities Director, President and held various other offices in the Ceramics Club, as well as Potluck Coordinator for many years. Our Lorrie is known to many residents who will never forget this kind, caring and giving longtime resident. She encourages all residents to ask not what our community can do for you; ask what you can do to enhance and improve all those in our Tropics Mobile Home Park.

When you see Lorri around the park stop her, say "Hello and thank you for your service."
