PRESIDENT'S CORNER

What an exciting month August was! The new Board had their first meeting. After the official business, we started working on the calendar for the next year. Within an hour and 15 minutes, we had a calendar of events for the entire year with their Chairpersons. Some of the events included: Casino Night, Halloween Dinner, Thanksgiving Dinner, etc. We are all ready to go. Everyone on the Board is looking forward to having a lot of fun putting on these events.

We had our first meeting with Millennium and with George Turk. It was a very informative meeting. We found out that: Palm Tree Trimming should be done by the time you read this, new "How Fast am I Going" signs should be up, the new seal on the road was done, the Hot Tub will be re-sealed, the new security is in place, walking the pathways at night and patrolling the streets with parking tickets in hand.

We also had our first General Meeting. Also very informative and had a great time. Steve Oates and the owner of West Coast Sound Solutions, gave a presentation of the proposed Baffling for the Events in the club house. This should take care of the echo we have and the poor microphone reception. Your votes are being counted and we will see if you want it or not. Karen Shrum, from B&C, was there to help answer residents' questions. Thank you Karen!!! Thanks to Barry for the fresh popcorn, it was great to see it back.

We also have great news from SPARC that *Live 2B Healthy* will start again this month. That Saturday we had our August Breakfast with Country Fried Steak and Potatoes. What a treat. I'm still cooking up a storm. Thanks to all the volunteers that made this a success.

This month we have: A Pot Luck with Steve and Beatrice in charge, another Breakfast casserole from me for Breakfast on September 10, and Get your luck going with Casino night and Spaghetti dinner on the 24th. Barry is in charge of this event and promises to have a lot of great prizes.

Thanks to all the people that make our Park the best one in the Area!

Richard Stoll, President of Tropics Residents' Club

MILLENNIUM MEMO

We had a great meeting with your newly-elected Board on August 11. Topics included a discussion of the Budget for the new Fiscal Year, an update on various projects, the new Patrol Service and the status of a potential refinance (short answer: we're still at an impasse).

Some highlights of the meeting:

Our Tree Consultant surprised us with the news that 140+ Palm Trees on residents' lots needed to be trimmed soon, at a cost of \$42K. Several trees in the common areas have become hazardous because of the drought and should be removed--that's another \$10K. Just like that: \$52K that wasn't anticipated. We have to do it, of course.

Most Park owners would charge homeowners to trim trees on their spaces, as is allowed under the Mobile home Residency Law, but we aren't going to do that.

Another surprise: the sudden deterioration of the Spa. We'll spend about \$14K replastering and adding hand rails & depth markers. Yet another hit to the Budget!

The new Patrol Service's insurer killed the idea of patrolling the walkways in Golf Carts. They will patrol on foot, however. The patrolmen will have to "check in" with sensors to be added to the walkways, so we'll know that they actually patrolled.

The Board asked us to bring back the Clubhouse Monitor, so we'll do that. By the way, we're still trying to get another maintenance person to help Jim. If you know of anyone, Jim would love to hear from you.

Yes, the Patrol Service will ticket improperly parked cars. If you get 4 tickets, you'll be towed the 5th time. That's fair, isn't it? Do you really need 4 warnings?

If you attended the Aug. 11 General Meeting, you probably heard a presentation from the folks that say they can fix the Clubhouse sound problem, something that might cost as much as \$160K. We'd love to get that done this fiscal year.

I hope these tidbits give you a flavor for how the meeting went. The new Board seems focused and eager to make its impact felt. We are excited to work with them—and with you, of course—to make The Tropics an even greater housing value than it already is.

This Month's Kudos

Kudo #1 goes to Rick Henry (438 Samoa), for providing flags for all branches of service to the Clubhouse for Memorial Day & 4th of July. Many residents commented on the great tribute.

Kudo #2 recognizes Chris Smith, who's doing a fine job as Pool Monitor and is a valued asset to the Office for Vacation Relief. Nancy really appreciated Chris's help when Kathy was off.

Thanks to Rick & Chris, turn in your Income Forms (if you haven't already)...and have a fun Labor Day!

George Turk

Manager's Corner

Congratulations to the new Residents' Club Officers and Board of Directors. Looking forward to working with you in the months ahead on wish list items that were approved and miscellaneous projects.

A big thank-you to everyone that turned in the Income Certification forms. Kathy worked diligently and by August 5 had submitted enough forms to Millennium to put the Tropics in First Place. This will also be a savings to cover future projects here in our community. Way to Go.

We just had the streets sealed and they look great for the most part. 90% of our residents complied and parked elsewhere or made other arrangements. Shame on the residents that drove on the south half of our park and burned out on the streets that were still not dry. We have your number.

If you have changed your telephone number please advise the office as we need to contact residents for Water and utility outages as well as miscellaneous issues. A lot of the numbers are disconnected. Also, if you are going to be absent from your home site for long periods of time you need to make arrangements to have someone maintain your yard. Please be considerate of your neighbors as they do not appreciate foot high weeds that spread into their home site.

As always, enjoy your day.

THE 3RD THURSDAY OF THE MONTH @1:30PM

IN THE CONFERENCE ROOM

Another Life Saved

The amateur radio frequencies are used for communicating reports that are emergency related. I have been involved with relays for catastrophic lifesaving disasters; it has been a very rewarding experience.

Several months ago I received a call on the radio requesting help for a tragic automobile accident in a remote part of our state. There wasn't a cell tower nearby. Their cell phones wouldn't work. One of our ham radio mobile stations in a car put out an emergency call. I had the highway patrol, ambulance, fire trucks and a helicopter there within minutes.

This week another frantic call came from a ham who was camping in the wilderness. His neighbor in the campground suddenly suffered a massive heart attack; it was quickly followed by a stroke. As usual in this case he was unable to contact any emergency services because cell phone service wasn't available in his location. Nine of us picked up his distress call all the way from Washington State to California. We immediately contacted emergency services; while he was still transmitting there was a helicopter, ambulance and paramedics all arriving within minutes. As a result the patient was stabilized and on the way to the hospital by air flight. Because we do not use the grid or cell towers our signal works directly station to station with speed of light performance.

Thanks to Mr. George Turk we here in The Tropics are privilege to have this capability. No one can predict what could happen one minute from now.

We recently assisted the police department when a powerful signal disabled their patrol cars, cell phones, radios as well as the fobs to unlock the door. We combined a team to resolve the problem. Most of the amateur operators have been in the hobby all their life. This requires long time knowledge and expert electrical engineers who not only design but build state of the art radios. We're a major support for the military and all emergency services. The Federal Communications Commission has designated all amateur transmitters to be emergency stations.

Stay safe.
Bravo Ben

GETTING TO KNOW YOUR NEIGHBOR: CAROL O'QUIN

Tropics Residents' Club Secretary

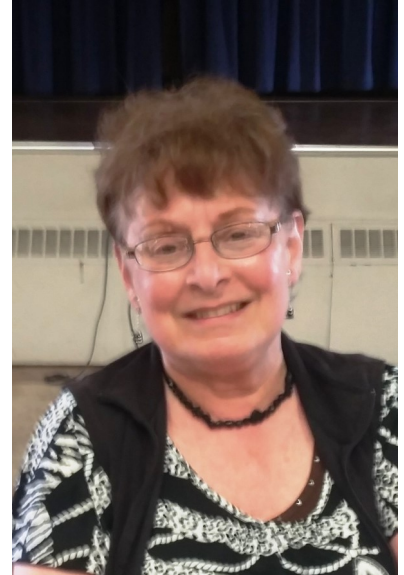

Our newly-elected Secretary moved into The Tropics July 5, 2007, serving her first term as Secretary in 2008-9.

Carol was born in Philadelphia, but moved to Los Angeles at the age of five. She grew up in the San Fernando Valley, but wanting to venture from home chose to attend San Francisco State University, where she graduated in 1970 with a degree in Theater Arts.

Taking sound advice from her mother, she went into Civil Service work, first with the Federal Government, then with the City and County of San Francisco. After completing a course at S.F. City College, she secured a position as Library Technician with the San Francisco Public Library. She happily retired in 2004 after 32 years in Civil Service.

In the meantime, in 1973, she married her husband Michael, whom she had met after college through mutual friends. Later they had two boys, now age 40 and 36, both of whom are married. They also have two granddaughters, age 13 and 10, whom they love very much, and visit in Georgia whenever they can.

Carol is very glad to be here in The Tropics where she participates in various activities such as crafts and dinners. She spent some time as a block captain on the Disaster Team, and also finds time to have hobbies such as beads, stamps and reading. She also loves classical music and plays piano and guitar for enjoyment. She and Michael attend classical concerts in the winter season. She says, "It's nice to know you don't have to be alone in The Tropics."
