MESSAGE FROM THE PRESIDENT OF THE RESIDENTS CLUB

The Tropics Board has been working well together and last month we had a real productive meeting with management. The future looks good and it looks like the wish list items are gearing up and starting soon. One of the most asked question is: **WHAT ARE WE GOING TO DO ABOUT THE SPEEDING IN THE PARK. The Board is trying to do something about the speeding and we are working with management on a project that might help, but it takes everyone to help especially the residents, please slow down!**

**We now have a new TRAFFIC/SAFETY: chairperson - Johnna Lopez
Thank You Johnna**

The roads are finally finished, guess everyone's happy about that, glad we don't have to come up with the money to pay for it, other parks make an assessment to residents and charge the residents so much a month until the project is paid for.

The last few months we had some tree branches fall down and management is looking at the tree's to make sure they are ok, we should do the same and report to management any tree that looks like a branch is going to fall down.

Don't forget to get your free ticket for our catered Thanksgiving Dinner Saturday November 21st Pick one up at any bingo snack bar night, breakfast or meetings.

I really enjoy working with all the board members and enjoy representing all the residents and look forward to it in the year to come.

Have a wonderful Thanksgiving with your friends and family.

Larry Cornell

MILLENNIUM MEMO

Many of you have met Rosie Friedland of SPARC, our resident services entity. Rosie found many of the resources and programs SPARC has brought to The Tropics, attended countless Tropics events and helped several Tropics residents on a one-on-one basis.

It is my sad duty, therefore, to report that Rosie has resigned her position with SPARC. No, it wasn't something you said; she's leaving to spend more time with her family.

Nicki Ross, who runs SPARC and took care of The Tropics prior to Rosie's arrival, will take on The Tropics again, so you're still in good hands. However, we will miss Rosie and remember her fondly.

In Happier News...

We had a great meeting with the Residents Club Board on October 6. In addition to the usual suspects, we had some guest celebrities: Tony Acosta, City Manager; Lt. Jeff Snell from the Police Department; and Alan Evans, a Fire Official.

The Police & Fire folks were invited to offer input on such topics as speeding, security and whether speed bumps hurt emergency response. Here are some highlights from the meeting:

- Per Lt. Snell, The Tropics is as safe as anywhere else in Union City and has not been a headache for the Police Dept. He pledged his Dept.'s full cooperation with our Staff and will research ways Police can do more patrolling inside the Park.
- The Fire folks don't like speed bumps, which reduce response time and damage fire trucks. Over the past 18 months the Fire Dept. responded to 274 medically-related incidents and 30 cases of serious falls. That's a visit about once every 3 days.
- At the request of the Board, we will obtain bids for a 24-hour Patrol Service. That will be expensive but it might be something worth discussing.
- The Car Wash will be closed. I'm not sure why it's still operating but the City's drought regulations don't allow us to keep it open.
- Karen Shrum, the Tropics' property supervisor, will conduct Parkwide space-by-space inspections in November and issue notices to homesites not in compliance. Consider yourself warned!

(continued on top of next page)

(Continued from previous page)

- Karen will also review bids to upgrade the pathway lighting, redo wiring & add lights between Hawaii & Palm, an area that currently doesn't have any lighting.
- The big \$855,000 street project should be done by the time you read this—at which time every street in The Tropics will have been replaced. Next up: \$122,000 to revamp the Pool Area landscaping.

I hope that gives you a flavor of what we talked about. I'll have more for you next month.

In the meantime...Have a Happy Thanksgiving!

George Turk

Manager's Corner for November 2015

October was a busy month – We now have newly paved streets on the south side of the Park and Palm Drive. There were some minor inconveniences but all went smoothly until we had to shut the water down as well for the line break. When it rains, it pours. Thank you for your patience during the two weeks.

The pool area will be closed soon for the re-landscaping project and the spa, sauna, showers and exercise rooms will be closed to residents during this time. It will be well worth the wait and I am anxious to see the completed project. Thank you Louise for another successful swim season.

A reminder - Please ensure your check for space rent is for the right amount, correct address is stated and payment is timely. The statements will now be mailed from the office and payments will be monitored by Manage America and late fees will be automatically entered if not paid by the 5th at 4:30 p.m. In the near future, residents will be able to enter payments directly on the website. More info to follow.

In line with the El Nino forecast, it would be a good idea to clean drains and gutters on your home. Also, please ensure your home site landscaping is being maintained on a regular basis. Failure to comply will result in management hiring outside gardeners at your expense. California Civil Code (798.36)

I am looking forward to Thanksgiving and certainly have lots to be thankful for this year. Happy Thanksgiving to one and all. *Nancy Payne* Resident Manager

CERAMIC CLUB NEWS

Submitted by Sandy Parson

Our club meetings are always held on the first Tuesday of every month at 2:00 pm in the club house conference room. Anyone can attend and sit in on our meetings and also meet some active members of the club before or after the meeting. If you are thinking about joining or want to ask some questions or just get a tour of the ceramic room, this is an opportune time. There are no meetings in July or August for summer break & no meetings in December as we have a Christmas Party.

The photo of a candy dish shown is done with two separate molds. The flower mold is poured separately then the flowers are attached to the shell dish while the piece is still wet/damp.. The flowers were done in under glazes and fired in. Use your creativeness and you can attach any item you select to a dish or attach hand sculpted items in clay. We have many small and miniature molds that you can choose from.

You can call the following senior members for a view of the ceramic shop and or just to ask questions. Feel free to call Melody Peterson at 266-2607 or we will ask another training member to help you.

TROPICS LADIES CLUB

By President Tina Maria

Thank you everyone who bought a TOYS FOR TOTS Bingo ticket or gave a donation. We appreciate your giving heart. Our chairperson for the event, Marlene, did a great job organizing the event and we had a wonderful time. The Fire Department (where you drop off your donations) was so thankful for what our community has done for the kids.

BARGAINS—BARGAINS—BARGAINS will be had by all, when you stop by The Ladies Club flea market table. You never know what treasure you will find! We look forward to seeing you there.

Tropics Ladies Club (T.L.C.) is open to every female resident of the Tropics. We look forward to seeing the ladies come out and express their views, concerns and talents. We meet the first and third Monday of the month at 11:30am in the conference room at the clubhouse.

The T.O.P.S. ways to lighten your holiday meal

Cookie swaps, catered lunches, buffet tables brimming with treats: We enjoy celebrating the holidays by sharing food. Don't let the season be a reason to overdo it, though. Follow these simple tips to keep the season bright – and light:

FILL UP FIRST...Have a healthy snack before hitting the holiday gatherings. You make wiser choices when you're not so hungry.

GO EASY AT THE GET-GO...Holiday appetizers are calorie minefields. Select one delectable starter and then stick to shrimp, vegetables and fruit before the main course.

MINGLE MORE AND LINGER LESS...Make the rounds at holiday meals. Try not to hang around the food table, and limit second helpings to the healthiest fruit and vegetable dishes.

PUT YOUR FORK DOWN...This is a time tested trick – if you put your fork down between every bite, you'll eat less and savor more.

SIP SMARTLY...Avoid calorie laden soft drinks and/or punches and drink water.

CHOCOLATE...Like coffee, it contains caffeine. It may cause you to toss and turn in your sleep. Try eating kiwi an hour before bedtime. You may sleep longer and better, research shows. Kiwifruit are rich in serotonin, a brain chemical that promotes REM sleep. They also contain foliate, low levels of which have been linked to insomnia.

HERE AT T.O.P.S. (Take Off Pounds Sensibly) CA CHAPTER 2466!

WE WOULD LIKE TO WISH EVERYONE A HAPPY HOLIDAY SEASON

EMERGENCY COMMUNICATIONS INFORMATION

K2E in The Tropics

September and October have been exciting months for emergency preparedness here in The Tropics Mobile Home Park. Every emergency station is required to be tested frequently. This has two purposes. First of all when a major catastrophe occurs here in our community we are ready to activate immediately with currently up to date equipment.

Secondly how far can our distress call be heard?

Our station is among the top in the nation. We are linked with other transmitters worldwide which have been sending messages back to our park. All 50 states as well as 56 countries responded to our calls.

Convoy on the Air is a group of moving military vehicles testing and relaying to all the alert stations. They have been traveling throughout our country for the past two months.

The Tropics is one of the daily transmitting points recognized by thousands of stations. We will not be alone and forgotten.

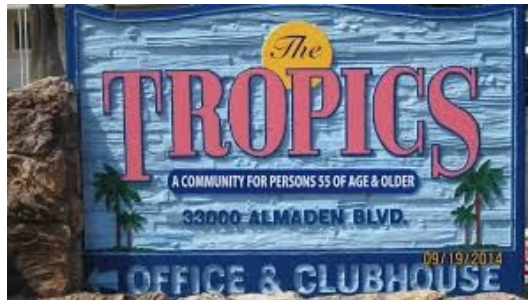

Our special event K2E has been transmitting from the USS Hornet Aircraft Carrier 4 consecutive Sundays. Tina and I are the exclusively appointed FCC certified controllers for the entire west coast.

We're here looking out for you.

GETTING TO KNOW YOUR NEIGHBOR

By Kathy Keneborus

Born Larry Cornell in Oakland, CA. He entered the Navy just 2 1/2 months after turning 17, making him a “kiddie cruiser”. He served aboard a ship that tested atomic energy. He was what was called an “atomic vet”. He served during the last part of testing of Dominic 2 at Johnson Island in the Pacific. He witnessed 18 of the 22 tests that were conducted while he was aboard.

One story Larry told me was about the first test he saw...it was midnight. They were all sitting on the flight deck. The sky was pitch black. The ship was tied up by the coral reef. All the workers had already been evacuated from Johnson Island. They were told that there weren't enough infrared glasses to go around. They were told to put their head between their legs and cover their face with their arms. After it goes off gradually start looking downward until you get adjusted to the light because when it goes off it is instantly brighter than any daylight you've ever seen. Larry said “I looked too soon cause I was young (17) and didn't believe it”. His eyes got burned and he had to go to sickbay.

Larry was in the Navy for 3 years 10 months and 11 days.

Shortly before he was discharged he was married.

The newlyweds then returned to San Leandro to settle down and raise a family.

During this time Larry worked for Chrysler Parts Depot until 1983 when the Depot closed and moved to Ontario. He decided to stay in San Leandro for his family and opened his own Automotive Repair shop. After 2 decades Larry sold his business and moved to the Tropics.

Once here he became involved with the computer club. At that time it was meeting once a month. Now it's open 5 days a week for 4 1/2 hours each day. “It's grown to be a big thing with donations. We do a lot of stuff. A lot of people think I get paid, I don't. It's something I enjoy.”

Larry is now President of the Tropics Residents Club Board.
